CHEERS...

to the sounds of laughter over a glass of wine with girlfriends, a cold draft beer at the barbecue, frozen treats for the kids poolside, and wowing guests with a craft cocktail at sunset – all while enjoying the great outdoors in the comfort of your own backyard.

Raise your glass to a century of innovation in premium refrigeration and award winning products for your home. Toast to the industry's widest selection of UL-rated refrigeration for outdoor use backed by the **industry's best six year full parts and labor warranty.**

Meet Perlick's incredible line of award winning undercounter refrigeration – designed, engineered and manufactured with your outdoor space in mind.

MEET THE INDUSTRY'S WIDEST SELECTION OF *OUTDOOR REFRIGERATION*

With **over 125 models** to choose from, Perlick boasts the largest portfolio of undercounter refrigeration UL-rated for outdoor use. Available in 15- and 24-inch configurations, Perlick Refrigerators, Beverage Centers, Wine Reserves, Beer Dispensers, Freezers and Ice Makers are designed to take your outdoor entertaining space to the next level.

Perlick's patented **Signature Series Dual-Zone** models offer two independently controlled temperature zones within a single 24" footprint to make the most out of your available space. The **Signature Shallow Depth collection** of 18" depth refrigeration is perfect for balconies and small outdoor spaces that require appliances with smaller footprints.

Learn more about what makes Perlick outdoor models special below.

A full line of **accessories** take your Perlick from day to night, including our industry exclusive **Martini Rack** – perfect for entertaining

Store fresh herbs, citrus, snacks and beverages in Perlick's industry exclusive **15" Signature Series Outdoor Refrigerator Drawers**

Perlick Anti-Condensation System™ heats the front face of the cabinet, eliminating condensation, extending product life in high humidity environments

Perlick's exclusive **Signature Series Flow Control Faucet** is constructed of stainless steel and features the industry exclusive flow control lever to expertly pour your favorite craft beers.

RAPIDcool forced air-cooled dispensing towers keep beer cold from the keg to the faucet by circulating cold through and around beer lines.

The unmatched cooling power of Perlick's **RAPIDcool forced-air refrigeration** system keeps food at a safe and consistent temperature – even on hot summer days.

BATTLE THE HARSHTEST CONDITIONS WITH A ***MARINE MATERIALS UPGRADE***

Coastal areas are the perfect place for luxury outdoor kitchens, but when presented with the extreme conditions of these environments, salt and sand can take their toll on your outdoor refrigeration equipment. You asked for a solution, and we designed one. Perlick is happy to announce the availability of an all-new Perlick Armor™ Marine Materials Upgrade for our Signature Series equipment, providing optimal corrosion resistance for food and beverage storage safety. Designed for life in even the most extreme coastal conditions, it allows you to enjoy the ultimate in refrigeration wherever you find paradise.

(Left to right) 24" Signature Series Dual Zone Refrigerator/Freezer Drawers, 24" Signature Series Refrigerator, 24" Signature Series Dual Zone Wine Reserve/Wine Reserve, 15" Signature Series Refrigerator Drawers

Components of Perlick Armor™

- Mix of all 316 & 304 stainless steel for optimal corrosion resistance food and beverage storage safety
- Upgraded 18-8 stainless steel and zinc plated fasteners ensure rust won't form in attachment zones
- E-coated condensers add durability to the refrigeration system in the most extreme conditions
- Available on all HP & HH Series residential models

Along with the standard Signature Series features:

- Robust 1000 BTU refrigeration system powered by Perlick's exclusive variable speed compressor provides industry-leading cooling capabilities and intuitive temperature control - meaning the system will only run when it senses a temperature rise
- Front vented, RAPIDcool™ forced air refrigeration system provides the most energy efficient cool down, up to 70% faster than leading competitors
- Illuminated by dual-color LED lighting, giving you the option of 6000K Crisp White or Cool Blue lighting with just the press of a button
- At 32" tall, the Shallow Depth collection is ADA height compliant for accessible design needs

THE ART OF THE COCKTAIL

Craft cocktails are an art form. They require attention to detail and a sense of craftsmanship, melding the flavors of fresh fruits, flavorful herbs and whimsical spirits within the confines of one simple, chilled glass.

Whether shaken or stirred, on the rocks or straight up, you can trust Perlick to keep your ingredients and glasses perfectly chilled.

Perlick's incredible selection of **15- and 24-inch refrigerators, freezers and beverage centers** provide ample storage for all the elements of the ultimate cocktail.

To top it off, Perlick offers two types of ice makers to complement any beverage. **Perlick's 15-inch Clear Ice Maker** produces clear top hat shaped ice, free of impurities that could alter the taste of your beverage. **Perlick's 15-inch Cubelet Ice Maker** produces nugget-shaped chewable ice that absorbs the flavors of your beverage. Its refreshing to crunch on and can also be used on serving platters for foods such as oysters.

Outdoor Dining

Perlick's full line of undercounter refrigeration features stainless steel interiors and unmatched temperature control, ensuring that your goods are properly preserved and ready to serve no matter what the forecast calls for.

TASTE THE GREAT OUTDOORS

Dining alfresco gives way to an abundance of flavors from the garden. Whether it be colorful bell peppers and onions on a grilled chicken shish kabob, or ripe strawberries atop a gorgeous mixed greens summer salad, fresh ingredients are key in preparing the ultimate outdoor dining experience for your friends and family.

Proper preservation of fresh ingredients is made simple with Perlick's full line of **15- and 24-inch outdoor refrigerators**. Store meat and vegetables for the grill, components for a refreshing fruit salad, and cold beverages for your guests in your outdoor entertaining space. Add our **Drawer Pan Organizer** to keep chopped, diced and prepared mise en place on the ready. All models are available with choice of door or set of drawers, including glass door that features Low-E, UV coated glass to keep products visible without sacrificing insulation and protection.

STORE AND SHOWCASE PRECIOUS VINTAGES

A beautiful bottle of wine served alongside a delicious grilled meal is the recipe for a perfect summer evening. Whether it is grilled shellfish with a glass of Sauvignon Blanc, or a well-crafted burger served with a robust glass of Syrah, wine and outdoor gourmet go hand-in-hand perfectly.

Proper conditions are required to protect wine from spoilage. Wine is perishable, and when exposed to the enemies of wine such as temperature variances and light, its complex blend of flavors and aromas can be severely compromised. Perlick combats these enemies with a variety of features to keep your collection of precious vintages in ideal conditions even when the thermometer hits 100°.

Available in **15- and 24-inch single zone and dual zone outdoor models, as well as the industry exclusive Shallow Depth 18-inch deep models - Perlick wine reserves can accommodate up to 40 bottles of wine.** The entire Perlick wine portfolio features with our Low-E, UV coated glass door that provides industry leading insulation and protection.

The Special Occasion Vintage

Whether celebrating a milestone or just enjoying the company of friends and family, an impressive bottle of wine is always a showstopper. Proper wine storage preserves the spicy red berry flavors, floral aromas and savory accents meant to be cherished each and every glass.

Accessory floor racks and wood wine faces add aesthetic customization to wine reserves. Signature Series models feature cool blue and crisp white LED lighting to further showcase your collection.

A background image showing three tall glasses of beer on a wooden surface. The glass on the left contains a dark beer with a thick, white head. The middle glass contains a dark beer with a thinner head. The glass on the right contains a light beer with a very thick, white head. A metal beer faucet is visible in the lower right foreground.

INSPIRED BY:
The Science of Craft Beer

Perlick is known for impressive innovations in beer dispensing, and those same innovations have crossed over into our collection of Signature Series Beer Dispensers. Unique to the industry, Perlick Signature Series Beer Dispensers are outfitted with the revolutionary 650SS Forward-Sealing Flow Control Beer Faucet. This faucet puts you in control of the pour of your beer. Certain craft beers require a slower pour to create a proper head, which can be accomplished with a simple lever adjustment.

THE PERFECT POUR

Perlick has been affiliated with the brewing industry for nearly a century – designing, engineering and manufacturing equipment for breweries and beer dispensing systems for professional sports stadiums and entertainment venues around the world.

We've taken the same commercial grade technology and materials from our large venue systems and added a touch of luxury to produce the **industry's leading line of beer dispensers** for the home. Perlick's 15-inch Beer Dispensers can store a 1/6th keg, while our 24-inch models can accommodate two 1/6th kegs or one 1/4th keg.

All beer dispensers feature Perlick's exclusive air-cooled draft arm towers, and our Signature Series line boasts the 650SS Flow Control Beer Faucet that has the industry exclusive ability to control the speed of the pour from the faucet.

CRACK OPEN A COLD ONE

Whether you're spending the day in the sun or unwinding on your patio in the evening, there's nothing like a cold beverage to quench your thirst. Perlick makes sure to keep your favorite beers, wines, sodas, and other refreshments as cold and refreshing as you want them, even on the hottest of days.

The elegance of a wine reserve meets the practicality of a refrigerator with Perlick's full line of beverage centers, which include storage for up to 16 bottles of your favorite wine above, and room for a variety of canned and bottled beverages below.

The entire Perlick portfolio features industry leading foamed in place insulation and precise state of the art digital temperature control. Available in **15-inch and 24-inch outdoor models, as well as the industry exclusive Shallow Depth 18-inch deep models** – Perlick Beverage Centers ensure that cold drinks are at the perfect temperature and within arm's reach.

Perlick offers a variety of door styles to complement any design. The numbered image above coordinates with the 'Door Styles Available' column in the Quick Reference chart. All doors are available hinged left or right, and fully integrated overlay panels come ready to accept a custom panel from your millworker to create a seamless look with cabinetry.

- Industry exclusive convertible door design allows all doors to be converted to overlay from stainless steel
- All doors are field reversible with accessory hinge kit (excluding ice maker models)
- Template available to create a matching overlay toe kick
